THE COUNTY REVIEWED.

Brief Record of Interesting Local Occurrences

Incidents and Accidents Along the Boundary—Personal Mention and Social Occurrences Related by Correspondents.

WILLITS, July 16.—Henry Meyers, the popular tailor, was up from Ukiah last week.

Miss Nellie Henderson is acting as hello girl for the telephone company's branch in this city.

Frank Shaw has opened a restaurant and short order house next door to the Roach building.

Carpenters have been busy this week renovating the Baptist church. The roof has been newly shingled and the steeple changed.

Sam Orr was up from Ukiah this week on a business trip and left for Potter valley Saturday, where the firm has a contract for the erection of a school house.

Chairman of the board of supervisors, Len Barnard, passed through town last Thursday on his way home from Ukiah, where he had been in attendance of the regular meeting of that body. Mr. Barnard is making an excellent officer and under his administration the affairs of the county are running smoother than ever before. The secret of his success is that he is a good business man and made a success of his own affairs. When he took his office about a year and a half ago he had to face a deficiency in his road district of about $4000. At the last meeting of the board it was shown that he had paid the deficiency and had a surplus of nearly $2000 on hand. How is that, especially when the best roads are in the fourth district.

Mrs S. P. Beattie presented her husband with a fine 12-pound boy yesterday morning.

The contract for putting in the sewer in the Foster addition has been let and the job is to be completed by August 10th. The line will be run from Hotel Willits down Commercial avenue for the present.

At the meeting of the board of directors of the water company held last Saturday, the contract for laying the pipe line was let and work will be commenced immediately.

Andrew Haun, the mill man from Jackson valley, made a flying trip to town last Sunday. He covered the distance between Jackson valley and this city in three hours and twenty minutes on his wheel.

Mrs. Bert James and family left Sunday for a month's visit to friends and relatives in San Francisco and Petaluma.

Mrs. Hockman, who has been visiting her mother, Mrs. Whited of this city, left Sunday for her home in Kernwood.

C. E. Larden, while engaged in turning a log on the carriage at the mill, came near losing an arm Saturday. A chip had slipped under the log and as he reached under to remove the obstruction the log slipped and caught his left arm between the wrist and elbow. The arm was mashed flat and fearfully bruised but no bones broken.

The local lodge of Odd Fellows will install officers on Saturday the 26th. C. A. Irvine, D. D. G. M., will act as installing officer. Mr. Irvine will install at Cahto lodge on the 19th.

John Branscomb passed through town Sunday en route for San Francisco on a business visit.

Mr. and Mrs. A. J. Fairbanks and family left Sunday for Petaluma to attend the golden wedding of Mr. Fairbank's parents.

Miss Callie Blair spent a few days in town last week.

The machinery for the Irvine & Muir company's mill is arriving and last week two large boilers were taken out.

Mr. and Mrs. Artie Smart and family spent a few days in Eden valley during the week.

The firm of Mosier & Triplett have dissolved partnership, Mr. Mosier retaining the business.

Superintendent Ware of the company's yard reports that from 30 to 50 thousand feet of lumber is being shipped down from the mill daily.

Mr. and Mrs. J. C. Ruddock, Mr. and Mrs. Henry Smith, Mrs. Ben Day and Miss Alice Ruddock were up from Ukiah Friday and spent the day.

Marshal Johnson reports having turned in 410 poll taxes into the town treasury. Mr. Johnson is making a good and efficient officer.

Bill Finney, who for a number of years past has made his home in this county and made periodical trips between Laytonville and this city, was taken down to Ukiah Thursday by Constable Reid to be examined for commitment to the state hospital. Bill is perfectly harmless, absolutely averse to manual labor and his eccentric actions continually draw a crowd. No one ever saw him asleep and it is absolutely impossible for him to keep still when within hearing of music. In the hospital he will at least get proper food and clothes and be taken care of.

In a very short time the local water system will be completed and with the water will come the demand for an active volunteer fire department. Willits has an abundant supply of good material and there is no reason why we should not have one of the best hose companies in the country. The municipal expense will be comparatively light as no expensive fire engines will be needed. The water will have sufficient pressure for all purposes and all that will be required will be a plentiful supply of hose and a couple of hose carts. The fire department question is a serious one and should not be dealt with lightly. It is as necessary as the water system and the department should be fully equipped. A good fire department in connection with water system will reduce the insurance rate on town property nearly 50 per cent.

Postmaster Koerner was down from Sherwood Monday to see about purchasing pipe for the water system he is installing on his ranch. The source of supply is a spring which he discovered on his place.

Notes From Laytonville.

LAYTONVILLE, July 16.—Not having seen any news from our little town we herein send you a few items.

The Wilson brothers took from here to the coast about as fine a drove of cattle as one would care to see.

The Fourth of July ball given by Charles Lee, was a success in every particular. About forty tickets were sold, and everybody enjoyed themselves.

Haying is in full blast with an abundance, and a good price and ready sale makes farmers look bright and happy with a leaning toward Republicanism.

Harry Beard, the young cattleman, was in town Saturday.

T. J. Crowley has about fourteen summer boarders at his place on the mountain, east of town. The high elevation, good hunting and fishing and beautiful scenery tend to make this one of the most enjoyable resorts in the county.

George Jones, our esteemed fellow-townsman and Republican candidate for supervisor, of this district, is in Willits visiting and booming his nomination.

It is rumored that B. F. Branscomb of Branscomb, that old wheel horse of Republicanism, at the urgent request of his many friends has concluded to come out for supervisor of this district, subject to the decision of the Republican convention. If there is any truth in the rumor we predict that if elected he will make one of our best supervisors. CITIZEN.

E. W. Collins of Hermitage was arrested at his home in Hermitage Monday last by Deputy Fish Commissioner W. H. Welch, who charged him with having had in his possession illicit deer hides. The defendant pleaded guilty before Justice Critchfield yesterday, and was fined $25.

Parks and wife, James Frost and wife, Misses Nellie Faught, Leah Wilson, Opal Dinwiddie, Allie Broback, Bessie Nutter, Verna Duncan and Messrs J. S. Reed jr., James Coughlin, Bub Meyers and F. W. Broback. Calhoun's orchestra furnished the music for the occasion.

An item appeared in the San Francisco papers this week, from their Santa Rosa correspondent describing an alleged narrow escape from drowning in Russian river, near Guerneville, of three young ladies. One of them was said to be Miss Edith Thatcher of Hopland. The dispatch stated that the young ladies were crossing the river in a boat when it capsized. The report was a fake, probably intended as a joke by some one who had peculiar ideas of wit. The first the young ladies knew of it was when they read it in the papers.

Some Coast Marriages.

Isaac Cropley and Miss Freda Freddy, both of Mendocino, were married at the Jaspersen residence in Mendocino Thursday evening last.

Fred Perkins of Littleriver and Miss Adelaide Gray, daughter of Mr. and Mrs. M. D. Gray of Albion, were married at the residence of the bride's parents last week. The bride is one of the most charming young ladies of the Mendocino coast, who by her womanly virtues and sunny disposition has won a deep place in the affection of friends without number. The groom is the son C. A. Perkins, the well-known logging contractor, and is a young man of sterling qualities. Both young people are prime social favorites with a wide circle of friends and acquaintances, and on every hand they have received felicitations and wishes for a long, happy and prosperous married life.

Daniel D. Hutton and Mrs. Mary Gregory, two Point Arena residents, were married in Santa Rosa Wednesday or rather they were remarried. Over a year ago the couple were married in Reno, Nevada, but as some of the jurists have declared such marriages illegal in the sight of the law, Mr. and Mrs. Hutton decided to take no chances.

LATE DECISIONS AND NEW CASES

Interesting Causes Decided By Superior Judge Mannon.

Arthur v Wehrspon---Costigan v Rohrbough---Waters v Waters---Bank of Ukiah v Campbell---Albion Lumber Co. v Meyers.

Judge Mannon on Monday last announced his decision in the case brought by the directors of the Mendocino insane asylum against E. A. Howard, and ordered judgment for the defendant. It will be remembered that this case is one wherein novel principles of law were involved as disclosed by the trial which was had some two months ago, and it was only after a most painstaking search into the law of the case that Judge Mannon finally passed upon the questions submitted.

The facts were briefly these: Howard, the defendant, was the owner of certain lands on the north fork of Mill creek, and immediately adjacent to said north fork and on Howard's lands were many trees and much growth of timber. The asylum is the owner of the waters of Mill creek, where it passes through Howard's lands, and below that point to their dam.

Howard began cutting the timber along the bank of the creek, and an injunction was sought by the plaintiffs to restrain him from cutting the timber, for the reason that such cutting of the timber would diminish by evaporation the flow of water in Mill creek and thus interfere with plaintiff's enjoyment of their right to use all the waters in Mill creek. Under the ruling of the court, Howard is now permitted to cut the timber on his land.

No precedent for the questions of law involved were to be found in the rulings of the supreme court of this state, and if the case is appealed to the supreme court, as it no doubt will be, the questions coming before that tribunal will be very interesting. George L. Hughes, representing the attorney general's office, and Messrs Seawell & Pemberton were the attorneys for the board of directors of the asylum, and Cary Howard of Oakland and Messrs Weldon & Held of this city represented the defendant Howard.

In the case of F. W. Youree vs R. J. Youree, being an action brought by the wellknown hotel and liveryman of Covelo, in this county, against Mrs. Youree, who resides in Oklahoma territory, the defendant interposed a cross-complaint some time since. The plaintiff demurred to the cross-complaint, and Judge Mannon sustained the demurrer. An amendment to the cross-complaint was then filed by the defendant, and a demurrer was again interposed by plaintiff. On the hearing of this demurrer, which came up in the superior court yesterday, T. L. Carothers, representing the defendant, confessed error in his first amended complaint, and was granted one day in which to prepare and serve and file his second amended cross-complaint. Mr. Carothers is associated with L. D. Jackman of Oklahoma in the case, and Messrs Weldon & Held of this city represent Mr. Youree, the plaintiff.

McNab & Hirsch, in behalf of the Bank of Ukiah, have brought suit against Walter Campbell for the collection of a promissory note for $250.

Charlie H. Arthur has brought suit against August Wehrspon for $1000 damages for obstructing road.

The Albion Lumber company has brought suit against Jonas Meyers to quiet title to land in section 28.

James M. Costigan has brought suit against J. S. Rohrbough in the local court.

Herbert Waters has brought suit against Mabel Waters for divorce.

W. J. Brooks has filed a suit for divorce against Ella Brooks.

RUN DOWN.

When a phrase is coined out of world wide human experience it is apt to be brief and expressive. We are "run-down" we say in the endeavor to describe a relaxed physical condition, and all the terminology of medicine could not more expressively describe the actual condition than that every day phrase. It suggests the clock, perfect mechanically, but failing to record the passage of time because it is run-down.

People who have that tired out, run-down feeling will find new life in the use of Doctor Pierce's Golden Medical Discovery. This great medicine is far more than a tonic. It cures diseases of the organs of digestion and nutrition, and enables the perfect digestion and assimilation of food of which alone all physical strength is made.

"The reason I delayed writing was because I wanted to wait *one year* after I had taken the medicine before giving my statement, and now I can send a good, conscientious testimonial," writes Mr. Chas. H. Sergeant, of Plain City, Madison Co., Ohio. "During the summer and fall of 1896 I became all 'run-down,' nerves were out of order and stomach out of order. I wrote to Dr. Pierce for advice. He said I had general debility, and advised Dr. Pierce's Golden Medical Discovery, and, thanks to you for your advice, I used six bottles; and since I stopped taking it about one year ago, I have not taken any medicine of any kind, and have *been able to work every day*. My appetite is good, I can eat three square meals a day, and I do not feel that miserable burning in the stomach after eating. My blood and nerves are in good shape, and, well—in fact, I think I am in pretty good running order."

Dr. Pierce's Pleasant Pellets keep the bowels active and healthy.

BOLD TRAIN ROBBERY

DENVER AND RIO GRANDE TRAIN LOOTED.

Passengers Compelled to Hand Over Their Money and Jewelry.—Express Car Blown to Pieces by the Use of Giant Powder.

Salida, Colo., July 15.—A report was received here shortly before noon yesterday to the effect that the Denver and Rio Grande narrow gauge passenger train, which left here early last night, was held up and robbed by several men near Sargents, west of Marshall Pass.

Denver, Col., July 15.—General Manager Herbert of the Denver and Rio Grande has received the following report of the train robbery:

The robbery occurred at 8:50 o'clock yesterday at Chester, Col., 250 miles west of Denver. The engineer was compelled at the point of a revolver to stop the train by masked men, who climbed over the tender. Two safes in the express car were blown open, but it is claimed by the officers of the Rio Grande express company that the robbers failed to secure any plunder from the safes. The passengers were compelled to alight from the cars and line up alongside the tracks in the canyon and they were relieved of their money and valuables. Many of the passengers threw away their money, watches and jewelry among the rocks before the robbers searched them. There were many tourists among the passengers and it is presumed that the losses of some were heavy.

The train was the westbound narrow gauge passenger train which left Denver last night. It is not known how many passengers were aboard, but the cars, as usual at this season, were filled.

The scene of the robbery is in a wild mountainous country at the foot of Marshall pass on the west slope, and the robbers, of whom there were four, escaped into the mountains.

The following dispatch has been received from F. R. Rockwell, superintendent of the road:

"Train No. 315 was held up by four masked men at the point known as Mills switch, two miles east of Chester, at 8:50 a. m. They blew open two safes in the baggage car and demolished the sides and the roof. The express company advise that no money was lost. The mail car was not molested. All the passengers were ordered to go to rear of train and get out on the ground. After using three charges of giant powder, the robbers succeeded in opening the safes and took the contents. They went back to the passengers and relieved them of their money and jewelry. Many of the passengers threw their money, jewelry and transportation into the grass and rocks. Engine and coach will be returned to the scene with the passengers in order that they may recover their property.

"One of the robbers addressed remarks to Engineer Ruland, who did not understand what was said, and before Ruland could ask him to repeat his remarks the robber struck him a blow with a Winchester rifle, breaking the stock off the gun. Ruland will be able to handle his engine through to terminal, but head is badly swollen. No passengers or train men hurt. Conductor has been instructed to secure names, addresses and losses of passengers, and Special Agent Brown has been instructed to go to scene. Sheriffs in the county in which the robbery occurred and surrounding counties have been notified."

The train held up was the westbound passenger leaving Salida immediately after the arrival of the through west-bound on the standard gauge or main line of the Rio Grande. It is the most important train operated on the narrow gauge line, carrying passengers for Gunnison, Lake City, Ouray, Telluride and other important mountain towns in the western slope. It is also generally well filled with tourists en route for a trip through the Black canyon.

The four bandits mounted horses and disappeared in the ravines that lead into the Marshall pass. The train returned to Salida. The sheriff at Salida and sheriffs of adjoining counties were notified and a dozen posses are in pursuit of the robbers.

It is believed here, in spite of the express company's claim to the contrary, that the robbers secured a rich haul in the express car, as the safes were blown to pieces and the contents were gathered up by the robbers. There were a number of ladies on the train and the most intense excitement prevailed, one or two of them fainting. About an hour was consumed in holding up the train, blowing open the safes and robbing the passengers.

ILL-FATED MINE IN OPERATION.

Operations in the Cambria Mine Have Been Resumed.

Johnstown, Pa., July 15.—Operations have been resumed in every section of the Rolling Mill mine of the Cambria Steel company, except the Klondike, where the fatal explosion occurred on Thursday last. A majority of the fifty men on hand when the first trap went into the mine were foreigners. They did not seem to have the least hesitation in re-entering.

No more bodies have been discovered and the mine apparently has been explored fully. Nevertheless, some miners assert that many bodies will still be found.

THE COMING LOCAL FAIR

A Splendid List of Premiums to be Presented.

President Simmons Has the Approaching Event Well In Hand--The Exhibition Will, He Says, be Great.

President Simmons has completed the premium list for the fair to be held in this city in October. The outlook for a splendid exhibition is very favorable:

Second annual fair, agricultural district, No. 45, of this county will convene in this city October 7-11 inclusive. Following is the list of officers: L. G. Simmons, president; C. H. Kent, secretary; Bank of Ukiah, treasurer; John Mewhinney, superintendent pavilion; H. B. Smith, superintendent fair grounds; L. Van Dusen, W. H. Chessall, H. B. Smith, Ed Gibson, O. T. Wells, L. G. Simmons, H. Marks, John Mewhinney, board of directors.

Following are the rules and regulations for 1902:

First—Fair grounds will be opened for the reception of stock for exhibition on Tuesday, October 7th, at which time the pavilion will be prepared for exhibitors.

Second—All entries for pavilion must be presented by 4 oclock p. m., Tuesday, October 7th.

Third—Entries for stock will be made with the secretary or superintendent of the fair grounds, and stables assigned for their use, and must be in place by 10 oclock a. m., Wednesday, October 8th, for parade.

Fourth—Stock parade at fair grounds on October 8, 10, 11 at 10 oclock a. m.

Fifth—It shall be the duty of all persons entering stock to show the same on parade unless excused by the superintendent.

Sixth—Stock entered for premiums must be owned in the district July 1, 1902.

Seventh—All pavilion exhibits must be produced or made by the exhibitors and in the district except in the miscellaneous department.

Eighth—No exhibit will be allowed to compete for more than one premium.

Ninth—The judges may recommend any exhibit for special premium and the directors will pay the same if there is funds available after the regular premiums are paid.

Tenth—The directors will take proper precaution to prevent injury to exhibits, but will not be responsible for the safety of such.

Eleventh—No exhibit shall be removed without permission of the superintendent before the close of the fair.

Price of admission: Membership tickets, $5; single season tickets, $3; pavilion tickets, 25 cents; fair ground tickets, 50 cents.

TO BE CONTINUED

An Immortal Play.

One cannot help but wonder why it is that Uncle Tom's Cabin always proves a drawing card, and yet there is nothing very wonderful about it when once the plot and presentation of this realistic drama is taken into consideration. We have read Uncle Tom's Cabin as many as twenty times and always with absorbing interest; and so, too, we have seen it presented on the stage forty times, and it seems as if we enjoy the last better than any previous rendition. There are some plays like Uncle Tom's Cabin and Rip Van Winkle that will never wear out. There is that about the plot of Uncle Tom's Cabin a combination of drama, comedy, wit, humor and pathos, all blended so naturally realistic that the audience lives through it all, become part of the players on the stage, and have their sympathies aroused to a degree that makes them feel as if they were witnessing a real drama of everyday life.—Ingersoll. The old but immortal drama will be presented in Ukiah Saturday, July 19, by the great Warren & Days New York company. The performance takes place in a large tent.

Ford Family Coming.

The famous Ford family of musicians will appear at Smith's opera house in this city, Monday and Tuesday evening. The family of musical children has been accorded the highest praise by the press of the east. The children are natural musicians and showed their inclinations for music from their infancy. They have been carefully trained in vocal and instrumental music in the leading institutions of this country. This will be a treat above the ordinary and the people of this city should turn out in force to encourage what promises to be the best musical treat of the year.

Miss Katie Held is recovering from her recent severe attack of typhoid fever. Mrs. William Held has been attending her daughter devotedly for the past two months.

The Acme Axel cutter.—James Hughes has the exclusive right for this implement and will perform the necessary work for all customers.

Reserve your orders for fruit and ornamental trees for Ed R. Wright. He still represents the Salem, (Or.) Nursery company.

Lost—Chatelaine purse with chain, contained $17 and two bread tickets. Finder please return to this office and receive reward.

THE EPWORTH LEAGUE.

The Fresno Was Session a Very Interesting One.

Report of the annual conference of the Epworth league at Fresno M. E. church South, submitted by Miss Effie Cooper: I have promised to send to you a description of the conference which I have just attended in Fresno, so I will try to describe it to you in such a way that you will feel that you have been there yourselves and have entered into the pleasure and spirit of this our eleventh rally.

This session of the state conference was, in the opinion of many, the best session in the history of the state organization, and though I have never before attended the state conference do not see how any session could have been better. The entertainment we have received has been royal. No other word can express it. Despite the failure of the executive committee to secure the attendance of one of our bishops, we were fortunate in having with us Dr. John B. Robbins of Georgia, who is a forcible, earnest speaker, a man of great thought, power and spirituality.

The reception tendered us Wednesday evening was excellent, the program consisting of welcome addresses on behalf of various bodies of the town, responded to by our state president, Horace N. Caldwell. Several difficult selections of music were rendered by the Fresno Epworth chorus, a choir of about seventy voices. The singing during the whole conference was excellent, being one of the most attractive features. It was led by Prof. J. A. Carrol of Memphis, Tenn. Such singing is an inspiration. Everyone recognizes the great value in the way of interest and inspiration that is coming from such singing.

Thursday morning the conference opened with the sacrament of the Lord's supper, and after that the business session was held. At 11 a. m. we heard a good sermon by one of the visiting ministers, after which we repaired to the league rooms, where a good lunch had been provided for us by the ladies of the church.

The afternoon services commenced with bible studies, conducted by Dr. M. B. Chapman of Los Angeles. This was very interesting, indeed, and opened up to us a mine of information as to the scriptures. He led us into the old countries and gave us much history of the bible, having seen some of the early manuscripts. He is scholarly, of pleasing address and his sermons to us will count for more interest in bible study hereafter.

At 2 p. m. we had the devotional department work, conducted by our first vice-president, C. R. Wickes, of Willows. After the reading of the paper, concerning the great objects of league work, a very interesting discussion followed in which the opinions of various members of the conference were given. It was said we should not make the great object of our work merely that of getting new members into the league or church, and showing a long roll of names, but we should make our lives an example to others so as to help lead them into the better life.

We heard a good paper on Wherein We Fail, written by Miss Dorst of Chico, in which our greatest failures were emphasized and we were given some good advise as to remedying those failures. One of our greatest failures is our lack of interest in the work. We do not lack in ability or in knowledge, but we so often lose our interest and wait for others to do work which we should be eager to do.

We must endeavor to put more enthusiasm into the work; go at it with a will and a special object ahead. We must never work by form, but each one according to his own idea. The leaders should strive to make as much variety as possible in the devotional meetings, and the first vice-president should not choose leaders according to their ability to hold a pretty meeting or make a learned talk, but should choose those who can put the most life into the meetings and arouse a desire in the members to be up and doing.

The work of the charity and help department was then discussed, our second vice-president, Miss Castle of San Francisco, conducting Several good papers were read, urging us to do willingly that which lies nearest us in the way of helping others. An address by Dr. Robbins closed the afternoon session, the subject of which was Spiritual Gifts, in which he said we should do the work assigned us by God and not try to do that for which we are not suited.

In the evening an excellent sermon was given us by Rev. W. E. Vaughn, editor Pacific Methodist Advocate. On Friday morning Dr. Chapman gave us another good talk on the study of the bible, bringing out the authorship, chronology and authority of the bible. The talks and papers on missions were good and contained many good points as to mission work and the study of missions. The League as a Missionary Force was a good paper by Miss Bessie Bentley of Modesto, bringing out the duty of the league in this line, and how much good may be done by the league. The singing by the Chinese was a very interesting feature in this session.

The work of the literary department was discussed on Friday afternoon, and points were given us, showing how and what we should study in our literary meetings. We should first study the scriptures, learn the author and character of each book of the bible. Study the history, rules and doctrines of our church; keep in touch with its tracts, periodicals and books Well mixed with these we should study miscellaneous works of standard authors.

The lecture by Dr. Boyer, our guest from the Christian church, was well received. Dr. Boyer is a man of extensive reputation and his lectures are well worth hearing. On Saturday a business session was held in which district reports were read. Here I will say with pride that in almost every report Ukiah held place among the first. In active members, literary work, charity work and assessments our league stood among the highest, also in the junior work.

All the old state officers were reelected with the exception of the first vice-president. Following are the officers elected for the ensuing year: H. N. Caldwell, president; Mr. Matthews, first vice-president; Miss Castle, second vice-president; Noel Garrison, third vice-president: Mr. Greanleaf, secretary-treasurer; Mrs. M. V. Healy, junior superintendent.

Sunday we had a grand rally, and after some good sermons by Dr. Robbins in the morning and Dr. Chapman in the evening we parted, hoping to meet again in just such a conference as this has been. Hoping that I have told you all of importance and made it interesting to you, and thanking you for the privilege of attending the conference, I am Yours for Christ,

EFFIE M. COOPER.

Drowned at Mendocino.

H. C. Tanner, an employe of the mill at Mendocino, was drowned in the channel at that place Wednesday. In company with a gentleman named Tyson he left shore to secure a boat that was drifting out to sea. Their skiff capsized. Tyson swam to the beach, but Tanner lost his life in endeavoring to save the skiff. After failing to secure the boat he struck for shore, where he arrived in an exhausted condition. He slipped from the rocks and was drowned. He leaves a wife and three small children. He was insured in Woodmen's society for $2000.

Hotel Arlington.

This splendid new hotel is now in running order, and under the direction of its proprietor, George Haugsted, has already taken a leading position among the popular hostelries of the state. Mr. Haugsted is a chef of which Ukiah is naturally proud. He has been for the past eight years chief cook at the local state hospital, and the many prominent officials and politicians who have visited that institution regard him as one of the most accomplished cooks in the state. The appointments of the new hotel are splendid.

Proposals for Fencing.

Proposals are invited for the putting up of five to ten miles of wire fence the Rancho El Primero, formerly known as Reed's ranch, near Laytonville. Will furnish all materials. To be completed by December 1, 1902. Also, for the furnishing of 5,000 red wood fence posts on Rancho El Primero by September 20, 1902. Specifications and full particulars furnished on application as to each matter.

Address:

WESTERN LIVE STOCK COMPANY,
By John H. Dickinson,
President and Gen'l Mgr.
Mills Building,
San Francisco.

The case of the people vs. Bill Ackerman, charged with robbery committed on the person of Mrs. Jennie Jackson, was called for preliminary examination before Judge Critchfield this morning. On the evidence produced by the prosecution the court refused to hold the defendant to answer and dismissed the case. Weldon & Held appeared as attorneys for the defendant. A Lake county Indian known as "Pat" is alleged to have been implicated in the crime charged, and a warrant for his arrest is now in the hands of the officers.

C. R. Stayner has opened his fruit stand on the south side of the court house in front of O'Neil's sample rooms.

So remember there will be no trust;
If I do I will surely bust;
Neither am I sitting there to make a mash;
All I want is to sell for solid cash.

I have tried this credit business to my sorrow;
So pay today and trust tomorrow;
Call and see what impression you Can make,
And if you are a better liar than I am, take the cake.

DESPERATE PLOT

TRUSTIES AT FOLSOM PLAN A DESPERATE ESCAPE.

SIX MEMBERS OF THE GUARD WERE TO BE POISONED.

One of the Most Daring and Brutal Jail Deliveries in the History of the State Frustrated by the Watchfulness of a Faithful Official.—The Conspirators Now in Dungeons.

San Francisco, July 15.—The Call today publishes the following account of an alleged attempted jail delivery at Folsom prison:

It has just developed that a gigantic conspiracy to liberate prisoners incarcerated in Folsom prison was frustrated by the watchfulness of an officer of the penal institution. That six men employed in guarding the desperate men now serving sentences for every conceivable crime in the category were not murdered and the most dangerous men in the prison liberated is due to the alertness of Captain of the Guard Murphy.

The ringleaders in the plot are now suffering solitary confinement in dungeons, and their further punishment will be discussed at the next meeting of the board of prison directors.

Tom Fonte, a convict who is serving a twelve-year term for robbery, concocted the scheme to liberate his fellow prisoners. He induced four criminals to join him in the plot, and as a result of his confession they are living on bread and water in dungeons.

Jack Brady, murderer and train robber, was one of the conspirators. He is the man who, after securing a box containing valuables intrusted to the care of Wells, Fargo & Co., buried it in the vicinity of Sacramento and after capture declined to tell of the whereabouts of his plunder. He had intended to secure it at the end of his term and live off his ill-gotten gains. Unfortunately for his plan a German tramp named Harmes unearthed the treasure and proceeded to enjoy its fruits. The untutored fellow came to this city and spent the money with lavish hand and attracted attention. His confession led to the discovery of what was left of the buried treasure.

A Train Robber Involved.

"Kid" Thompson, a notorious train robber, was also in the plot. With him was Kris Myrtle, a prisoner who escaped from Oakland jail and was recaptured in Los Angeles, and another convict named Santonia Whiting, also a "bad man."

The plan was as daring as it was brutal. Fonte, who served the midnight meal to the guards, was to pour poison in their food, and when the men were helpless he was to secure possession of their arms and keys and distribute them among the convicts named. Having the guards at their mercy the desperate men had but one man to pass to reach their liberty. This man was a guard in charge of the outside gate. This guard possessed no key, but when apprised that some one was at the inside gate by the ringing of an electric bell he would open his door and walk through an alleyway to a wicket in the inside gate. The inside guard would then pass him the key according to the rule of the prison and he would then open the door. The convicts planned to procure this key and then, it being dark, they reasoned that he would not know who passed in the key. The moment he opened the door he was to be killed before he could give an outcry. They would then pass through the various corridors and liberate the men whom they liked and allow their enemies to remain in durance vile.

Their plot was frustrated in the nick of time by Captain Murphy. The criminals planned to make the break for liberty on July 4. Captain Murphy became suspicious of Fonte's actions before that time and watched him closely. Every movement Fonte made was spied upon. When Murphy became certain that a jail break was imminent he had his guards pounce upon the conspirators and they were thrown into dungeons. Fonte, the ringleader in the plot, was the first to weaken. He told of the plan of murder and jail break and where the poison was hidden. The alert officer found the deadly drug in the kitchen and then reported the entire matter to Warden Wilkinson.

THEY CRUSH THE POWERS

This is written in mid-October. The long, oppressive summer is quite gone. Fading leaf, withering tree and the rustling corn in the fields are signs of the season. Fog, frost, rain, snow,—they are coming. You remember last winter; of 1900 and 1901. The weather was cruel. Ah! the thousands it killed, and the hundreds of thousands it maimed and crippled. Oh, the rough grasp it laid on men at work, women at home, and children in cribs and cradles. Coughs that began before Thanksgiving Day are racking and tearing them still; yes, and growing worse as they dig deeper into the poor, tired throat and lungs. Many were cured by using Benson's Porous Plasters. For the soothing and healing power of these Plasters is wonderful. They conquer the complaints

THAT ARE KILLING THE PEOPLE.

No other plaster, no other medicine or application, can compare with them. Coughs, colds, backache, rheumatism, lumbago, kidney and liver troubles, asthma, influenza,—they all go down before Benson's Plasters like a snow image in the sun. You can't throw money away on a Benson's Plaster. Everybody is going to use them this season. But make certain you get the genuine. All druggists, or we will prepay postage on any number ordered in the United States on receipt of 25c. each.

Fire in Grain Fields.

Colusa, July 15.—The most disastrous grain fire that has visited this section of the county started yesterday afternoon from sparks from the Colusa and Lake railroad. There was a strong west wind blowing. The blaze began in W. R. Merrill's 300-acre tract of fine standing grain. The wind carried the flames toward the home of Merrill and it was only by hard work and back-firing that his property was saved. Much grain was burned in adjoining fields and the loss will reach several thousand dollars.

Another World's Record.

Detroit, Mich., July 15.—C. J. Hamlin's black pacer Direct Hal, with Ed Geers in the sulky, made memorable the opening of the Detroit Driving club's blue ribbon meeting at Grosse Pointe yesterday afternoon by winning the first heat of the Chamber of Commerce $5000 stake in the record time of 2:06¾. This is a world's record for the first winning heat of a green horse.

CHICAGO STRIKE NOT SETTLED.

Twenty Thousand Men Now Idle and Settlement Not in Sight.

Chicago, July 15.—The strike reached the rioting stage last night and it was only after the police had charged on the crowd repeatedly and arrested eleven men that a semblance of order was restored.

Eight policemen who were sent with two teams from the Western Electric company to the St. Paul freight depot at Carroll and Union streets were unable to extricate the drivers from the pocket into which they were forced by angry teamsters. A riot call sent to the stations was responded to by several wagonloads of patrolmen, and after a fierce conflict with the obstructing crowd the wagons were rescued and the drivers, bruised by missiles, were able to reach a place of safety.

Wholesale houses made practically no attempt to send out freight or to receive it. The strike has cost them hundreds of thousands of dollars already, and they stand to lose millions should the conditions which obtain at present continue. The loss in wages to the striking freight handlers and their sympathizers, the teamsters, to the railroads and other lines of business, is roughly estimated at considerably over $1,000,000 a day. The situation is admittedly very grave.

Commission merchants on South Water street declare that the usually animated market is dead. In times of commercial peace the street is one of the most congested in the world. To day, in front of many of the stores, there was not a wagon, and scarcely a crate, box, or barrel of produce.

GENERAL CHAFFEE RELIEVED.

Commander in the Philippines Transferred to Department of the East.

Washington, July 15.—General Chaffee has been relieved of the command in the Philippines and ordered to the command of the department of the East by an order issued yesterday by Secretary Root. The order is as follows:

"By direction of the president, Major General George W. Davis will relieve Major General Chaffee of the command of the division of the Philippines, September 30, 1902. On being relieved Major General Chaffee will, with his authorized aide, repair to Governor's Island, New York, and assume command of the department of the East."

General MacArthur has been asked to take command of the department of the East when General Brooke retires until he can be relieved by General Chaffee.

HICKS-BEACH ALSO RESIGNS.

Chancellor of the Exchequer Follows His Chief Into Retirement.

London, July 15.—Sir Michael Hicks-Beach has resigned as chancellor of the exchequer.

Never, perhaps, has a change of premiership been effected with so little dislocation of business, either public or private, as accompanied the transfer of the seals of office from Lord Salisbury to A. J. Balfour. The occurrence had no effect whatever on the stock exchange. The only other change in the cabinet thus far announced is the chancellership of the exchequer, though others are forshadowed.

THE WINDWARD SAILS.

Peary Relief Expedition About To Start for the North.

New York, July 15.—The Peary relief expedition ship Windward began her trip to the Arctic regions late yesterday afternoon. The Windward will stop first at Portland, Me., and then at Sydney, where Mrs. Peary and her daughter will be taken aboard.

GOOD NEWS CONFIRMED.

Steamers Portland and Jeanie Are Both Safe.

Victoria, B. C., July 15.—The Melville Dollar arrived at Ladysmith from Nome and reports that the Jeanie as well as the Portland had returned safe to Nome before she sailed.

San Francisco, July 15.—The Northern Commercial company has received a telegram confirming the report that the steamer Portland had reached Nome in safety. The information was taken from Nome by the river steamer Sarah to Eagle City in a dispatch signed by Captain Hibberd, the agent of the company, and then it was sent by telegraph to Dawson to Agent Mizner of the company there. He repeated the dispatch to the officers of the company here. It reads as follows:

"The steamer Portland arrived in Nome on July 2 and on July 3 she sailed for Port Townsend. The ship is safe and in good condition. The crew and all the passengers are in good health and in good spirits. The cargo is in good order except the perishables."

Chief Will Be Tried for Treason.

Tutuila, Samoa, July 15.—Some of the leading chiefs of Manua who resolved to resist the decision of the high court in finding the custom of serving out Kava, the Samoan national drink, have been taken into custody by order of Captain Sebree of the United States gunboat Wheeling, and will be tried for conspiracy. One of the arrested chiefs is the district judge, who gave the minority opinion in the original proceedings. The alleged conspiracy to defy the decision of the court was encouraged by Taimanua, the governor and self-styled king. As soon as he learned that Captain Sebree meant business he apologized and stated that he acted only according to the wishes of the Manua people.

The real reason for James J. Corbett's refusal to go to San Francisco for the Fitzsimmons-Jeffries fight has become known. It is said that he has had to undergo an operation for a cancerous growth on his tongue caused by excessive smoking.

The amalgamation of the Santa Fe Pacific and San Joaquin railway lines has been completed. The combined mileage of the two roads is now known as the Atchison, Topeka and Santa Fe Railway company coast lines, with headquarters in Los Angeles.

The syndicate which recently purchased a large tract of land in the New River country, on the Mexican side of the line, near San Diego, has let a contract for the clearing of 5000 acres for fall seeding. The land is below the level of the Imperial ditches and will be irrigated.

Secretary of State C. F. Curry has refused to file or to issue a certificate of incorporation to the United Labor Party of the United States of America. Curry says the incorporation of a political party is without precedent, against public morals and the fundamental principles of government.
